

I am writing to object to the proposal that LPFM stations take priority over FM translator service. It would be detrimental to stations such as KLOVE that utilize these translators. I enjoy KLOVE because it is encouraging and family friendly in a time when such programming is a rarity. If KLOVE were to be displaced by LPFM, the community would lose a valuable resource. Our society is plagued with problems, and research studies have shown the powerful affect of media in both alleviating and exacerbating these issues. KLOVE is an essential healing force in our world and it is critical that we preserve its ability to broadcast. Thank you for your consideration of these concerns.
